

Site 39 Inland Ranges Habitat Restoration Status Update

April 10, 2019

Erosion Control

- Continue to monitor all HAs
- Several minor repairs made at HAs 28, 29, and 34

Native Plant Nursery

- Continued propagation for 2019/2020 plants (target 3,594 plants)

Annual Report

- Submitted Final 2018 Annual Habitat Restoration Report

Annual Meeting

- Presented at 8th Annual Former Fort Ord Habitat Restoration and Monitoring Meeting on March 27, 2019
- Major points of the presentation were:
 - Summary of restoration progress since 2010
 - Summary of 2018 restoration activities
 - Snapshot of 2018 monitoring results for all sites
 - Year 5 Monitoring Results vs. Success Criteria for HA 19
 - HA 19 is on the trajectory of meeting all success criteria within the 13 year monitoring program
 - Restoration challenges at HA 27A
 - Recommended that the success criteria should be reevaluated for part of the site
- Field trip with agencies to HAs 19, 26, and 27A

Monitoring

- Started HMP annual surveys on Monday April 8th
