Dominique Forrester
California Department of Toxic Substances Control
8800 Cal Center Drive
Sacramento, CA 95826-3200

Dear Mr. Forrester:

A schedule for submitting primary documents under the Fort Ord Federal Facility Agreement (FFA) pertaining to the environmental investigation concerning per- and polyfluoroalkyl substances (PFAS) at Fort Ord is enclosed for your information.

The Army has initiated the PFAS investigation by first completing the Preliminary Assessment/Site Inspection phase consistent with the Comprehensive Environmental Response, Compensation, and Liability Act process. The schedule for submitting draft Remedial Investigation work plan was identified for February 2026. The Fort Ord Base Realignment and Closure Cleanup Team approved the draft schedule during its regularly scheduled meeting on February 26, 2026. A copy of the finalized schedule is enclosed.

A copy of this letter will be furnished to Ms. Maeve Clancy of U.S. Environmental Protection Agency, Mr. Alberto Gutierrez of California Department of Toxic Substances Control and Ms. Amber Sellinger of California Central Coast Regional Water Quality Control Board. Please feel free to contact me at (831) 242-7920 if you have any questions.

Sincerely,

A handwritten signature in black ink that reads "Joelle Lobo". The signature is written in a cursive style.

Joelle Lobo
Base Realignment and Closure
Fort Ord Environmental Coordinator
