Dear Mr. Forrester:

Enclosed for your information is the revised schedule for submitting primary documents under the Fort Ord Federal Facility Agreement (FFA) pertaining to timetables and schedules for the environmental investigation concerning per- and polyfluoroalkyl substances (PFAS) at the former Fort Ord.

The schedule for the PFAS investigation was revised to indicate that submittal of the draft-final Quality Assurance Project Plan, Remedial Investigation for Per- and Polyfluoroalkyl Substances occurred in September 2026 and regulatory agency comments were received in October 2026. The schedule adjustment is based on a mutual agreement of the members of the Base Realignment and Closure (BRAC) Cleanup Team (BCT) discussed via electronic communication. The schedule is revised consistent with Fort Ord FFA Section 9.5. A copy is enclosed for your information.

A copy of this letter will be furnished to Ms. Maeve Clancy of U.S. Environmental Protection Agency, Mr. Alberto Gutierrez of California Department of Toxic Substances Control and Ms. Amber Sellinger of California Central Coast Regional Water Quality Control Board. Please feel free to contact me at (831) 242-7920 if you have any questions.

Sincerely,

Joelle Lobo
