APPENDIX A

DAILY FIELD REPORTS

Appendix A-1 Weston Daily Field Reports Appendix A-2 Weston Geo Daily Field Reports Appendix A-3 Subcontractor Daily Reports - Survey Appendix A-4 Subcontractor Daily Reports - Brush Cutting

Appendix A, Daily Field Reports, contains all the Daily Field Reports There are no Daily Field Reports for weekend days or holidays. Generally the field teams worked Monday through Thursday; therefore a Daily Field Reports were not generated for Fridays not worked.

Appendix A Contractor Daily Report

Daily Field Reports

Summary of Issues and Resolutions

Date	Issue	Resolution
12/29/08	One "Danger UXO" sign was destroyed over the weekend	In the future signs in this area will be removed at the end of the week.
01/14/09	Some grids are very contaminated with debris deeper than 3 inches. Over 1000 contacts in one of the grids.	Slowing down the teams in this area.
03/03/09	Stopped work at 1530 hrs due to heavy rains	NA
04/17/09	Most of the crew did not work today due to the Sea Otter classic bike race which closed access to our site	NA
07/23/09	backhoe broke down for about 2 hrs	mechanic brought in replacement bucket
07/24/09	Received delivery of a backhoe from hertz equipment today at 0700 hrs.	NA
07/28/09	kabota had a flat	Picked up spare tire and rim
10/5/09	No access to office trailer in the morning due to possible burn day	Set up base station at 0530 and got all the gear we needed. Morning brief held in the field.
10/6/09	Burn conducted no access to office trailer today	Burn possible for tomorrow, will stage gear outside compound again tonight
10/07/09	Burn successful today	allowed back in field office at 1200 hrs
10/13/09	Teams sent home early due to heavy rain and wind.	NA
10/23/09	Analog grids are very contaminated with debris	extra time and effort is needed to clear the grids we are working right now
10/27/09	Field investigation slowed due to removal of rats nests	removed 37 rat nests in E-20c (28-Oct-09) removed 10 rat nests in E-20c (29-Oct-09) removed 18 rat nests in E-20c (03-Nov-09) removed 20 rat nests in E-20c(03-Nov-09) removed 14 rat nests in E-20c(04-Nov-09) removed 20 rat nests in E-20c (19-Nov-09)
11/16/09	Had to vacate office trailer by 0715 in the morning due to scheduled burn.	moved all gear and vehicles to Parker flats work area for safety meeting
11/30/09	Fence was cut at ESL and one of the two locks on Building 765 was cut off. No entry was gained into any building.	A new lock was installed on building 765 and the fence has been temporarily repaired. Local authorities have been notified.
12/4/09	Fence was cut at ESL and one of the two locks on Building 765 was cut off. No entry was gained into any building	Fence contractor will be on site next week to repair ESL fence. Signs ordered and floodlights will be installed next week. Secondary magazines ordered and will be here before end of the month.
12/07/09		Removed Rat nests. Installed solar powered motion detection lights on magazines in ESL
12/14/09	Both portable EM-61 are down	Matt Gifford is checking on getting them repaired
12/22/09		eliminated rat nests in E-18.1.1
12/31/09	Items that belonged to PFW were stolen during the Christmas holiday.	Several hours were spent with the police Dept. investigating the missing equipment.
01/05/10	One White down and in need of repairs	
01/06/09	Equipment for magazine security system did not arrive, held up in customs.	Called off backhoe from Quinn rentals.

01/12/10 Field investigation slowed due to removal of rats nests knocked down rat nests in E-19a.1 and finished dearing out brush from fox holes to allow access for DGM in E-20.c 01/19/10 Very hard rain with lightning in the morning All but four of the technicians left – they sor scrap at the ESL 01/26/10 Very hard rain in the morning All but four of the technicians left – they sor scrap at the ESL 01/26/10 Heavy Rains Let all field personnel go at 1600 due to rain obackhoe digs in E18 but the dirt was to wet and would not go thru the screen. Operation was abandoned until a later Replaced 18 inch bucket with 24 in bucket on backhoe. Hertz repair came out to repairs will be completed tomorrow morning date. 01/27/10 Field investigation slowed due to removal of rats nests Cleared rat nests in E19a.1 02/15/10 Backhoe needed repairs to a broken date. Hertz was called and all repairs were made. 02/15/10 Backhoe filt tire at of the day Broken hose on backhoe repaired 03/16/10 Window on backhoe broken 17-Mar-09 thru 18-Mar-09; Hertz on site conducting repairs on backhoe 04/28/10 Bucket on backhoe broke 29-April-10 thru 30-April-10; Hertz on site conducting repairs on backhoe 04/28/10 Field investigation slowed due to removal of rats nests Cleared 19 rat nests from area 6 (E-18.1.3) 05/21/10 <th>01/08/10</th> <th>No EM-61 on site today</th> <th>have to check all digs on Monday</th>	01/08/10	No EM-61 on site today	have to check all digs on Monday
of rats nests finished clearing out brush from fox holes to allow access for DQM in E-20.c 01/19/10 Very hard rain with lightning in the morning All but four of the technicians left – they sor scrap at the ESL 01/20/10 Very hard rain in the morning All but four of the technicians left – they sor scrap at the ESL 01/25/10 Heavy Rains Let all field personnel go at 1600 due to rain and would not go thru the screen. Operation was abandoned until a later date. Replaced 18 inch bucket with 24 in bucket nad would not go thru the screen. 01/27/10 Flat tire on backhoe Repairs made, as well as fixing the hydrolic line that was broken 02/02/10 Field investigation slowed due to removal of rats nests Cleared rat nests in E19a.1 02/12/10 Backhoe needed repairs to a broken hydraulic line. Hertz was called and all repairs were made. 02/15/10 Backhoe Ita tire at end of the day 03/16/10 Broken hose on backhoe repaired 04/20/10 Heavy rains all but one employee went home after the safety brief. One technician sests 04/28/10 Bucket on backhoe broke 17-Mar-09 thru 18-Mar09; Hertz on site conducting repairs on backhoo 04/28/10 Field investigation slowed due to removal of rats nests Cleared 19 rat nests from area 6 (E-18.1.3) 05/21/10 Field			
01/20/10 Very hard rain in the morning Scrap at the ESL 01/20/10 Very hard rain in the morning All but four of the technicians left – they sor scrap at the ESL 01/26/10 Heavy Rains Let all field personnel go at 1600 due to rait in the backhoe digs in E18 but the dirt was to wet and would not go thru the screen. Operation was abandoned until a later date. Replaced 18 inch bucket with 24 in bucket on backhoe. Hertz repair came out to replace broken hose on backhoe. Backhoe repairs will be completed tomorrow morning date. 02/02/10 Field investigation slowed due to removal of rats nests Cleared rat nests in E19a.1 02/15/10 Backhoe needed repairs to a broken hydraulic line. Hertz was called and all repairs were made. 02/19/10 Backhoe flat tire at end of the day dy lindow on backhoe broken Tr-Mar-09 thru 18-Mar09; Hertz on site conducting repairs on backhoe biologist crew in the IAR. 04/20/10 Heavy rains all but one employee wert home after the safety brief. On tecthnician assisted the biologist crew in the IAR. 04/28/10 Bucket on backhoe broke 29-April-10 thru 30-April-10; Hertz on site conducting repairs on backhoo 04/28/10 Bucket on backhoe due to removal of rats nests Cleared 10 for at nests from area 6 (E-18.1.3) 05/21/10 Field investigation slowed due to removal of rats nests Cleared rat nests from area 5 (E-19a.1)		of rats nests	
01/20/10 Very hard rain in the morning All but four of the technicians left – they sor scrap at the ESL 01/25/10 Heavy Rains Let all field personnel go at 1600 due to rain scrap at the ESL 01/26/10 The backhoe broke. Began the sifting of backhoe digs in E18 but the dirt was to wet and would not go thru the screen. Operation was abandoned until a later date. Replaced 18 inch bucket with 24 in bucket replace broken hose on backhoe. Backhoe ereplars will be completed tomorrow morning date. 01/27/10 Flat tire on backhoe Repairs made, as well as fixing the hydrolic line that was broken 02/02/10 Field investigation slowed due to removal of rats nests cleared rat nests in E19a.1 02/15/10 Backhoe flat tire at end of the day Broken hose on backhoe repaired 02/19/10 Backhoe flat tire at end of the day Broken hose on backhoe repairs on backhoe 04/20/10 Heavy rains all but one employee went home after the soldsits rew in the IAR. 04/28/10 Bucket on backhoe broke 29-April-10 thru 30-April-10; 04/28/10 Bucket on backhoe due to removal of rats nests cleared 106 rat nests from area 6 (E-19a.1) 05/21/10 Field investigation slowed due to removal of rats nests cleared rat nests from area 5 (E-19a.1) 06/22/10 Field investigation slowed	01/19/10		All but four of the technicians left – they sort scrap at the ESL
01/26/10 The backhoe broke, Began the sifting of backhoe digs in E18 but the dirt was to wet and would not go thru the screen. Operation was abandoned until a later date. Replaced 18 inch buckt with 24 in bucket on backhoe. Backhoe, Itat is nests 02/02/10 Field investigation slowed due to removal of rats nests Repairs made, as well as fixing the hydrolic line that was broken 02/15/10 Backhoe needed repairs to a broken hydraulic line. Hertz was called and all repairs were made. 02/19/10 Backhoe flat tire at end of the day Broken hose on backhoe repaired 03/16/10 Window on backhoe broken 17-Mar-09 thru 18-Mar09; Hertz on site conducting repairs on backhoe 04/20/10 Heavy rains all but one employee went home after the biologist crew in the IAR. 04/28/10 Bucket on backhoe broke 29-April-10 thru 30-April-10; Hertz on site for duration 04/28/10 Field investigation slowed due to removal of rats nests cleared 106 rat nests from area 6 (E-188.1.3) 05/21/10 Field investigation slowed due to removal of rats nests cleared 106 rat nests from area 5 (E-198.1) 06/25/10 Field investigation slowed due to removal of rats nests cleared	01/20/10	Very hard rain in the morning	All but four of the technicians left – they sort
