Why all the rules??

- 44 different species of endangered and rare plants and animals live here.
- We want you to be safe and have fun.
- The rules help preserve our trail systems and reduce erosion.
- There are over 50 habitat restoration sites that could be damaged if trampled by foot, hoof or wheel.
- Some trails are not marked open because they cross rare plant and animal habitats, others are redundant or can not be maintained in their current location.

About Explosives at Former Fort Ord...
While every effort has and is being made to clear dangerous materials, 60 years of military occupation make it possible that live rounds and explosives may remain in public areas as well as posted areas. **DO NOT TOUCH unfamiliar objects, especially metal. Instead, MARK THE LOCATION and CALL THE FEDERAL POLICE at (831) 242-7851 or (831) 242-7924.**
