

FINAL

**Appendix B
Figures**

Figure 1 - Sand gilia densities compared for 2005 (Parsons) and 2004 (MACTEC).

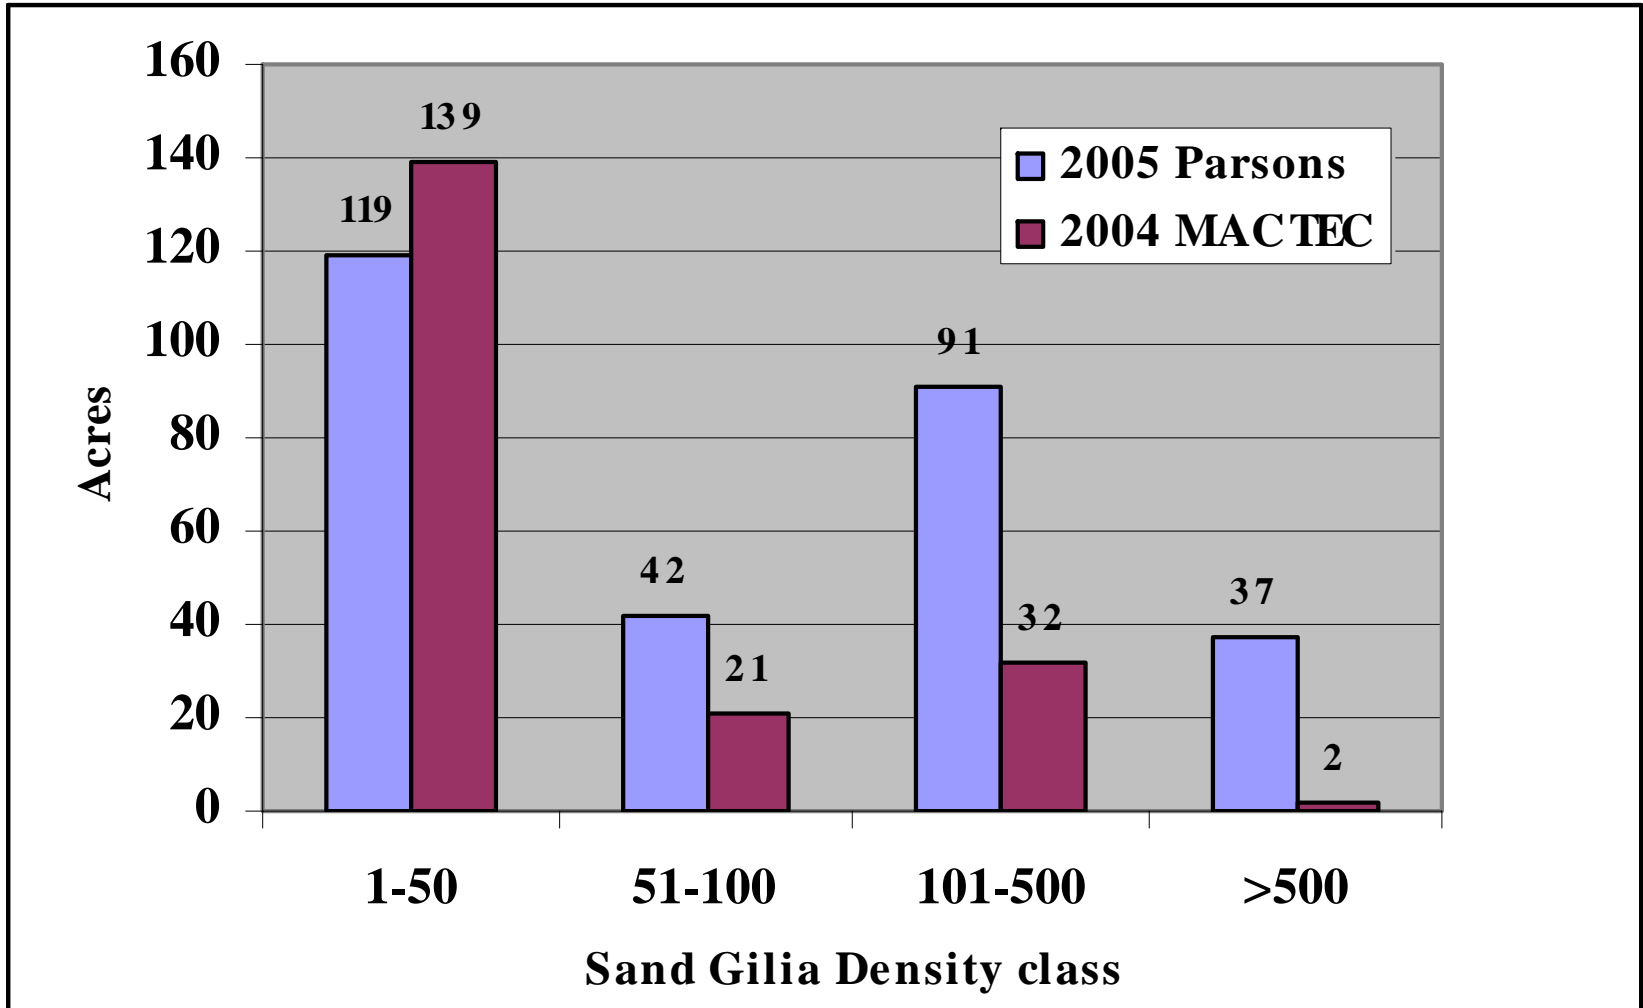

Figure 2 - Seaside bird's-beak densities compared for 2005 (Parsons) and 2004 (MACTEC).

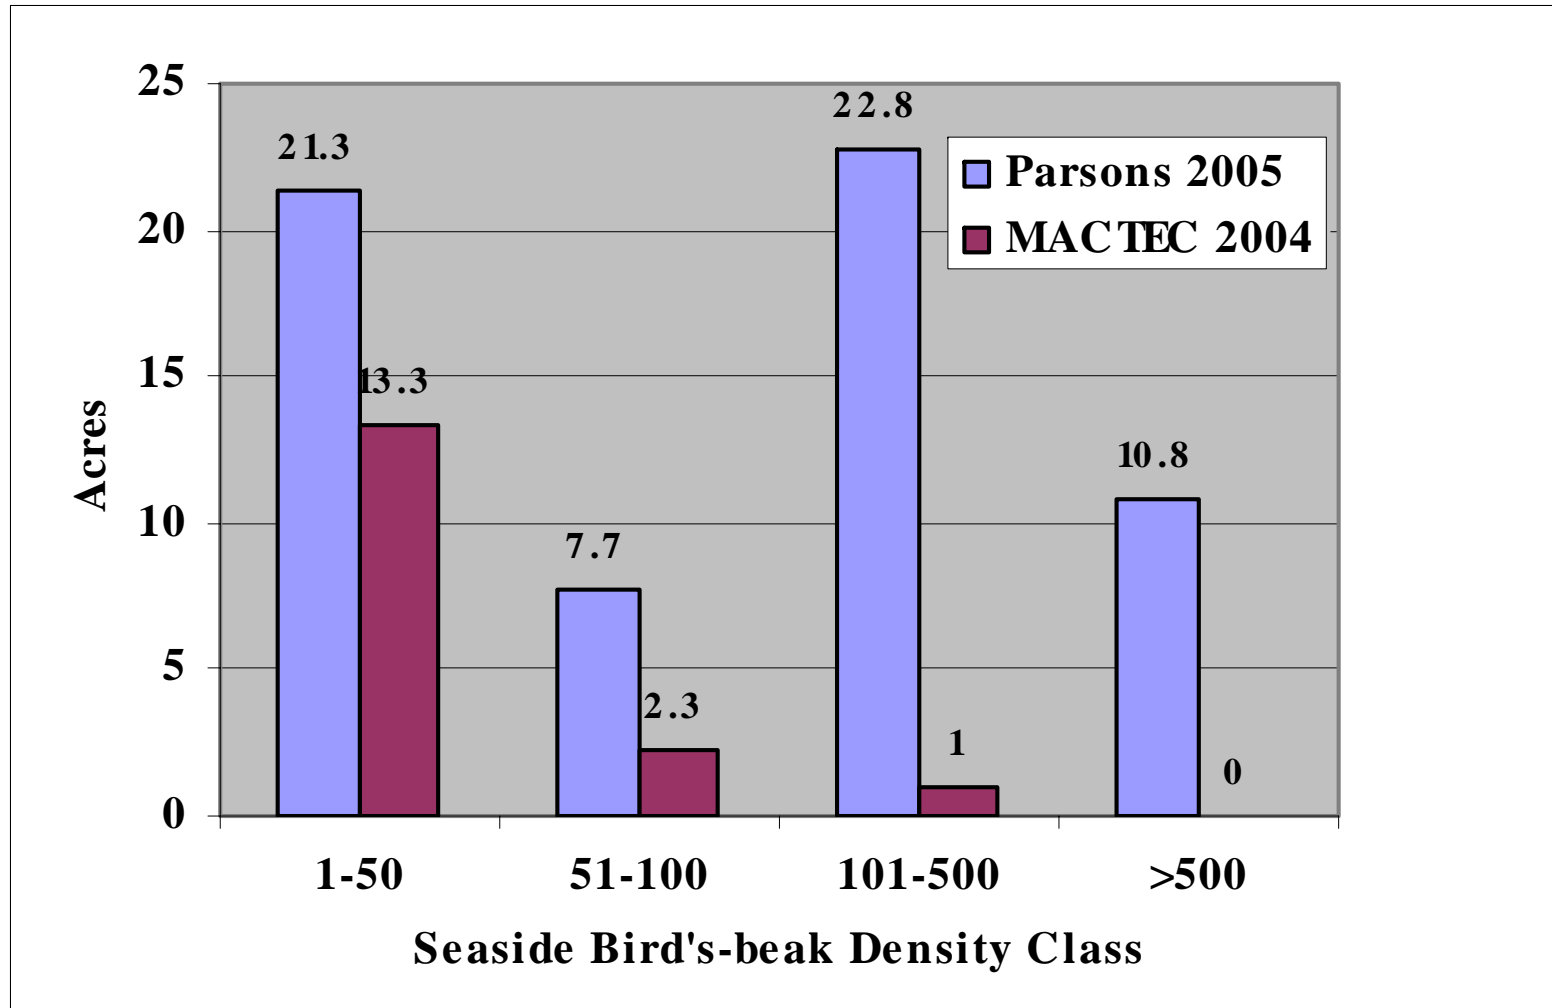

Figure 3 - Average number of seedlings by species in Zone A (munitions removal complete) versus Zone B (no munitions removal).

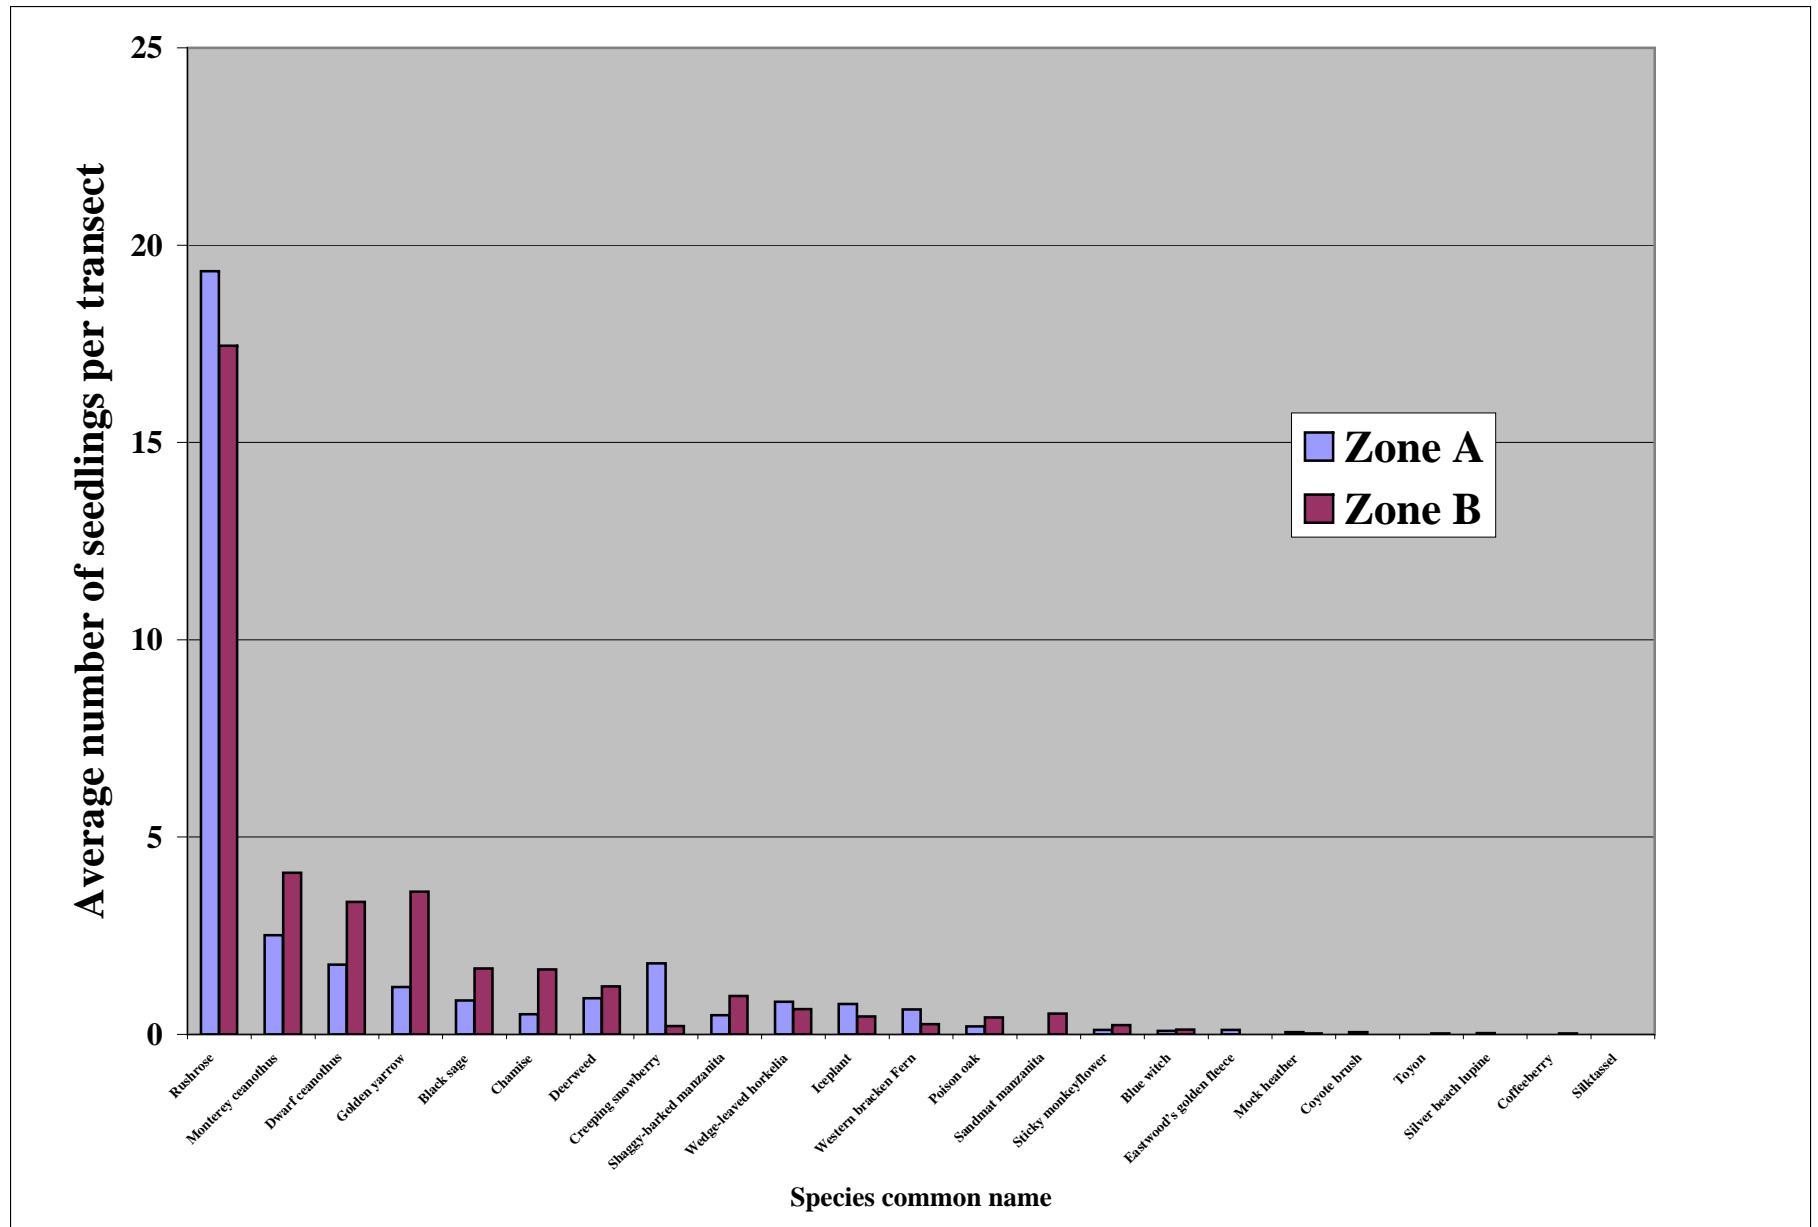

Figure 4 - Average number of seedlings per transect for each vegetation age group (disturbed, intermediate and mature).
