Dear Mr. Ridenour:

Enclosed for your information is the revised schedule for submitting primary documents under the Fort Ord Federal Facility Agreement pertaining to timetables and schedules for the Military Munitions Response Program at the former Fort Ord.

The schedule for the Track 3 Remedial Design/Remedial Action program has been revised to document that the submittal of draft-final Site-Specific Work Plan addendum for Unit 5 will be delayed to February 2022. This reflects the actual agency review of the draft version, which concluded in January 2022. The revised schedule has been reviewed and approved by U.S. Environmental Protection Agency (EPA) and California Department of Toxic Substances Control (DTSC) via electronic correspondence on February 2, 2022. A copy of the revised schedule is enclosed for your information.

A copy of this letter will be furnished to Mr. Brett Leary of DTSC and Ms. Maeve Clancy of EPA. Please feel free to contact me at (831) 242-7920 if you have any questions.

Sincerely,

A handwritten signature in blue ink that reads "William K. Collins".
