

# Excerpt: Defense Environmental Programs (DERP) Annual Report to Congress (ARC) FY20

## Appendix A: Installations and Properties Where DoD Obligated Funding for Environmental Restoration Activities in FY 2020

State	DoD Component	Installation Name	FY 2019 Cost Estimate Adjusted for Inflation (\$000)	FY 2020 Cost Estimate (\$000)	FY 2020 Funds Obligated (\$000)	Cost Estimate Change (\$000)	Reason(s)
California	Army	FORT ORD	306,248	311,975	11,359	17,086	1) Cost Estimate Change Unrelated to Change in Scope – Change in contract or contract method. 2) Cost Estimate Change Unrelated to Change in Scope – Actual contract cost for prior or ongoing work is greater than the prior estimate. This additional cost may also be caused by changes in schedule.

Excerpt: FY 2020 Defense Environmental Program (DEP) Annual Report to Congress (ARC) Appendix A Installations and Properties Where Department of Defense (DoD) Obligated Funding for Environmental Restoration Activities in FY 2020 Appendix to Section VI, FY 2020 Funding for Environmental Restoration Activities and Reasons for Increases in Cost Estimates Since FY 2019. This Appendix provides the amount of funding obligated at each DoD installation and FUDS property for environmental restoration activities in FY 2020; the change in the cost estimate from FY 2019 to FY 2020; and an explanation if the cost estimate did not decrease by at least the amount obligated in FY 2020. Above is the section specific to Fort Ord.
