# **Current QAPP Structure**

#### New QAPP Structure

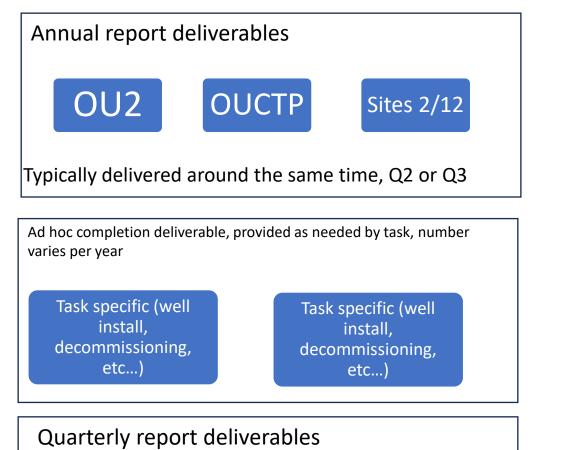

Basewide HTW QAPP will cover all routine activities including:

- All sampling activities (except PFAS)
- Any standard maintenance activities
- Well installation, decommissioning and any other routine well maintenance activities

Basewide QAPP will be updated every 5 years or aligned with contracting periods.

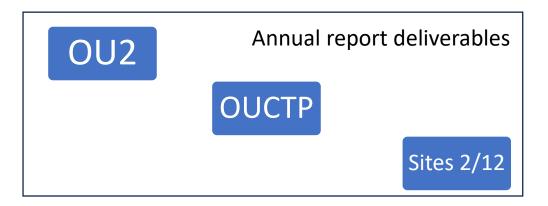

Work plans streamlined format that will reference Basewide HTW QAPP

### Current Annual/Quarterly Report Structure

- Narrative report for each site
- Issued Q1, Q2, and Q4
- Issued as Final documents

## New Annual/Quarterly Report Structure

Annual Reports will be staggered across the year

Task specific completion reports will be eliminated

- Letter report documenting activity will be provided as an appendix to the appropriate annual report
- Task specific activity will be discussed in nearest BCT meeting after the activity is complete

#### Quarterly report deliverables

- Narrative report replaced by presentation during BCT
- Tables, figures, and data delivered Q1, Q2, and Q4
- Issued as final documents
