

# Fort Ord Military Munitions Recognition and Safety Training

As a result of the Army's use of military munitions on the former Fort Ord, unexploded ordnance (UXO) may be encountered by those working on and reusing former Fort Ord property.

This training is required for anyone excavating on Fort Ord restricted munitions response sites.

The U.S Army Corps of Engineers (USACE) offers training to all contractors, property owners and workers involved in intrusive (digging) activities on the former Fort Ord. The training will orient attendees on UXO avoidance, the visual characteristics of UXO and the precautions necessary if it is encountered. Attendees will also be provided the procedures for contacting authorities if UXO is encountered.

- It is free.
- It takes about 30 minutes at the USACE facility.

To schedule training contact:

Fort Ord Community Relations Office at email:

Melissa.M.Broadston.ctr@mail.mil or (831) 393-1284.
